FOR THE DIGITAL PRINTER

Thank you for your purchase of our Great Dane Graphics Digital Stock Art Collection. We know you will love using our artwork, and your customers will be extremely happy with the quality of your designs as you start including our artwork in your day to day business.

All the artwork displayed in this document has been included on the accompanying USB memory stick. To use the artwork you will need to select the file you wish to use, and click and drag the file off the memory stick onto your Windows or Mac desktop.

Our digital files are especially suited for the digital printer. They can be used for all forms of digital printing including direct to garment digital printing, dye sublimation, heat transfers, large format printing and more. Our designs are all professionally illustrated by our staff of illustrators in beautiful full color. They are royalty free allowing you to print as many copies as you like.

All files are saved as full color, high resolution, raster PNG files with transparent backgrounds. They are set up at approximately 14" at 300 dpi. The PNG file will "Open" in Adobe Photoshop or Corel Photopaint. If using CorelDRAW, the PNG file will need to be "Imported", or "Placed" if using Adobe Illustrator. Just open it in the program of your choice and start creating.

Opening Your PNG File in CorelDRAW

1. Go to the FILE MENU > NEW.
2. Go to the FILE MENU > IMPORT.
3. Browse to the PNG file you want to bring in. Be sure you have "All File Formats" selected in the "Files of Type:" drop down menu.
4. In Corel you will get a corner cursor. Click your mouse in the upper right side of the page. This will place the image in your document.
5. Click and drag on a corner of the image to resize it to you liking.

You are now free to add any type or logos you'd like.

Opening Your PNG File in Illustrator

1. Go to the FILE MENU > NEW, then go to the FILE MENU > PLACE.
2. Browse to the PNG file you want to bring in. PC users be sure you have "All Formats" selected in the "Files of Type:" drop down menu. Click Place.
3. Click and drag a corner of the image while holding down the "shift" key. This will constrain the proportions of the image. Stop when you reach the desired size.

You are now free to add type and logos to your liking.
